SATURDAY MORNING, JULY 30, 1853. PREACHING AT THE CHR STIAN CHURCH.

Rev. J. B. Ferguson will preach at the Christian Church, on Sunday, the 31st inst., at the usual hour.

SINGER'S SEWING MACHINES are now pronounced by prudent men, as far preferable to a Life Insurance, a for they afford the means of getting aliving while the head of the family lives, and increase rather than diminish the chances of a family left otherwise destitute, by the death of a protecting father or brother, No family should be without one. Mechanics who can use them in their daily trades can more than double their earnings by their use. - Mirror.

The Brownsville Flog says that troops are continually arriving at the Mexican towns, and in such numbers as were never before seen on that line. Military encampments are also established at points on the Rio Grande, which hitherto have not been considered of sufficient importance to be guarded by custom-house guards. The proprietor of a baking establishment in Camargo has been consulted upon a contract for baking bread for ten thousand

It is reported by pascengers recently arrived from Rio Grande City, that, opinions are freely expressed on the other side as to the validity, in Santa Anna's opinion, of the treaty of peace-the same having been made and ratified during his absence-thus creating a question as to the necessity of complying with its observance.

American Physicians Arroad.—The Medical Journal says: "Perhaps a larger number of American physicians were never before in Europe than at the present time. Nearly every school and city in the Union is represented, and there is also a flood of London, Edinburg, Dublin, Paris, Berlin, Vienna, and other celebrated cities. There is something at each place worth seeing."

THE REPORTED ORDINATION OF ARCHBISHOP IVES. —The Boston Pilot states the following reasons, which will prevent Bishop Ives from receiving ordination as a priest of the Catholic Church:

He cannot be ordained priest without the convent. Even so, there will be some difficulty in obtaining for him permission to be a priest.

A warrant was issued for the arrest of Severin, as well as of the Duberald, were apprehended yesterday. Blanc Jouhert, another of the seconds, is still at large.

Having passed her examination most creditably in the school at Lebanon, she returned home on the 15th inst, and was taken violently ill of fever the next day-after one week of severe suffering, which she bore with the meekness and hope of the young christian, this levely and promising child sunk in death. The sudden and severe dispensation of Providence has thrown her parents, sisters, brothers and relations into the deepest grief. But why should meless, and who is now happy with the ble-sed er and better world, leaving her loved friends "Sorrowing for that gift of Heaven which lent one moment of axistence light that dimmed the rest forever." She lately arrived in New York from that quarter, and at once threatened to prosecute him for bigamy. We have every reason to believe, we are happy to be able to write, that in contracting his last marriage, Mr. Gray was not aware that his former matrimonia obligations had not been sufficiently obliterated by the action of the law to leave him entirely at liberty him to the desperate deed. Oun State Road. - As all true-hearted Georgians will rejoice to hear of every improvement in their noble monument of state enterprise, it gives us much pleasure to announce, to the credit of its energetic administration, that not a single accident has ecurred upon it, for now about six months; nor has the arrival of the passenger trains varried more than ten minutes from schedule time, during the same period. This, taking into consideration, the tortuone line of the track, together with the greatly increasing amount of business, furnishes the best encommun that could be passed upon its management. Another item of moment to those living on the line of the road is, that the way-fare has been reduced to about one half the former rate—that it is to say, single fare, only, is charged from one point to another, when one goes and returns in the same day. By this reduction a person having business to transact, say ten or twelve miles distant, may go and attend to it, and returning the same day it will cost him but about half what it would have done a We go in for improvements, and these are some of the right stamp.—Dulton T.mez, 21st.

STRANGE INFATUATION. - Some ten years ago there resided in this State, a gentleman, his wife and two interesting daughters, who were as much respected as any family in it. Blessed with a competency of earthly goods, and surrounded by hosts of friends, their happiness se med as near perfect as human beings could expect to enjoy. Six years since this family left here for the South, where the husband and father took to drink, and two years after became a bankrupt and a sot. Next, the wife and mother became a drankard, and now we understand the two girls are immates of a low brothel on free use of ardent spirits. In six years a whole

SPECIAL NOTICES.

Disease of the Liver-When the celebrated Dr. Rush declared that drankeness was a disease, he councisted a truth which the experience and observation of medical men is every day confirming. The many apparently neane excesses of those who indulge in the use of spiritour liquors, may be thus accounted for. The true cause of conduct, which is taken for infatuation, is very frequently a discoved state of the Liver. No organ in the human sysof diseases. And if, instead of applying remedies to

the manifestations of disease, as is too often the case, physicians would prescribe with a view to the original se fewer deaths would result from diseases induced by a decanged state of the Liver. R. R. R. - Miraculous Cares. - People wonder at the quick efficacy of the R. R. R. Remedies in stopping pain, removing its causes, and curing the most obstitute complaints. Yet there is no mystery in it-there is nothing miraculous about it. True, until the R. R. R. Remedies were introduced, no remedy or medicine was ever known to stop the most forturing pains in a few seconds, and allay the most violent Cramps of Cholera, Neuralgia, Spasms, Ac, in a few minutes. Radway's Ready Relief will stop pain instantly, because it produces a counteraction upon the parts where pain is felt. If the patient suffers from Neuralgia, it immediately acts upon the purves, produces a counter irritation, invigorates the nerves, and imparts vitality to the parts where pain is experienced. The action of the Relief is quick, and the very moment it is applied, it begins to counteract the effects produced by diseased ac-

tion. If you are the victim of Cholera, it acts instantlytaken internally, it settles the stomach and allays all painful icritation and sickness, it infuses heat into the blood, and its warm and healthful influence thrills through every portion of the body; it NEUTRALIZES THE POISONOUS MALARIA OF CHOLERA AND CHECKS ITS PRO-GRESS. Applied externally, it allays Cramps and Spasms, and restores the cold-cramped and almost lifeless victim, to life and bealth. If you are troubled with Sick Headache, the Ready Relief taken internally will neutralize the acid of the stomach, make the stomach sweet and pure, and the breath fragrantly; externally, it will produce a counter action on the scalp and refresh the senses. This, then, is all the mystery about the action of R. R. Relief. it does not lie in the action of the Relief, but in the science of its chemiof American students distributed through the schools | cal and pharmaceutical combination. So with each of the other R. R. R. Remedies. The Resolvent acts in like manner upon the blood, and the diseased deposits, renovating and resolving away from the system all scrofulous humors

TRIUMPHANT OVER DISEASE. TRIUMPHANT OVER DISEASE.

THIS celebrated medicine, skillfully composed as it is of the most bening balsams and penetrating oils, can never fail to cure almost every affliction that could be alleviated by an external remedy. Its superiority over all other Limments is proven by the miraculous cures it performs, and by the great and conetantly increasing demand. There has been sold within the past year more than THREE MILLIONS OF BOOTLES, and there can be but few persons found who do not bestow upon it the highest praise for the rare virtues it possesses. Nothing, perhaps, since the creation of the world, has been so successful as an external remedy for all nervous diseases, as this wonderful curative. When applied, it instantaneously diffuses itself through the whole fied, it instantaneously diffuses itself through the whole tem, soothing the irritated nerves, allaying the most ine pains, not creating a most delightful sensation. Every night watch was kept, fearing she would suffocate. The best doctors aftended her but could give no relief. I took her to the most eminent doctors in the East; they said there was no help for her but to outgrow it. With a sad heart I returned home with her, when she became so much worse that the doctors had to be called in again; they decided that the tousils roust he cut off as the only reserved. decided that the tonsils must be cut off, as the only means of giving relief. My wife would not consent to this, and she ed to try your Limiment, which gave relief the very first application, and by a continued use she entirely re-covered. She is now ten years old and fleshy and licalthy as could be desired. Your Limiment is also the best in use for sprains, bruises, cuts, burns, headache, etc., and it will remove the most asygre pains in a few minutes.
